

Master Classes

Each year, the Revere Academy of Jewelry Arts offers students the chance to learn from the best, with their annual Masters Symposium. The program presents six master craftsmen from across the country leading workshops in their individual areas of specialization. Classes are offered at all levels, from absolute beginner to advanced.

The faculty roster for this year's symposium reads like a Who's Who of the jewelry world: Jean Stark, Valentin Yotkov (whose work is shown here), Tim McCreight, Merry-Lee Rae, Robert Wooding, and Marne Ryan. In addition to the workshops, the Academy will also host weekly lectures and slide presentations by the visiting artists, which are open to the public.

The Fifth Annual Masters Symposium will run April 8-28; for information on this and other programs, contact the
