Revere Academy East 2007

Once every two years, the Revere Academy joins together with the Florida Society of Goldsmiths (FSG) to present six days of workshops on the East Coast. The 2007 program will be held at Wildacres Retreat in the mountains of North Carolina from Oct. 29 to Nov. 5.

For those on the East Coast, Revere Academy East offers a unique opportunity to take the Revere Academy's most popular classes close to home. Classes cover the same material, using the same tools and equipment, and are taught by the same experienced, professional instructors as the classes taught in San Francisco. Each student can choose two classes from subjects as varied as Fabrication, Stone Setting, Granulation, Mokume-Gane, Clasps, and Design. Students receive a Revere Academy certificate for each class completed, and classes are applicable to the state of California's requirements for Jewelry Technician and Graduate Jeweler diplomas.

The cost of the program is \$995.00, which covers tuition for two classes, double occupancy lodging for seven nights, and 20 meals. FSG members can register for \$950. To learn more or download an application, visit www.revereacademy.com.
